

Recycling Drop Sites

Starting January 1, 2020 Mille Lacs County recycling drop sites locations and hours will be changing. Recycling drop sites will be located in Isle, Milaca, Onamia, and Princeton; three of the four drop sites will have 24 hour availability, and all drop sites will accept single-sort recycling.

In January look for black roll-off containers; in February these will be replaced with blue trailers. Please remember to check the accepted materials list before depositing your recyclables, and place materials loosely in the receptacles, closing the door or tarp when you're done.
